

Company Research

**Tools to help
you trade**

Company Research

In our Company Research section you can access company information in one place. Start with the Company Summary where you'll find an overview of key information, including performance data, research recommendation, corporate actions and dividends.

The tabs across the top let you dive deeper into a particular area of interest, with key functions such as Buy, Sell and Add to Watchlist always available. You can research another company at any time, just by entering the company code in the search bar.

Trading Ideas, highlights interesting trends, research recommendations and company performance. You can also compare a company to its peers across a range of criteria with the Company Comparison tool.

Past company financial statements and ratios are easily accessible within financials, while research reports, both current and historical, can be found in the Research and Recommendation section.

Along with the latest company announcements, the News section cleverly overlays commentary on a stock's price chart, so you can quickly see the effects of news releases on the company's share price.

CBA Recommendation gives you fast access to current and historical analysis and reports, while more in-depth analysis is available with a subscription to Morningstar's premium research offering.

Forecasts and Trends highlights key consensus information, including forecast earnings and dividends, along with the current recommendations and clear visual displays showing how they've trended over time. By exploring company research views, you'll be able to make the most of our research platform and spot trends and trading opportunities more easily.
