Part Two of the FSG details the current list of fees or charges that you will pay for using our services.

Unless otherwise indicated, prices shown in this FSG are in Australian Dollars (A\$) and include applicable GST.

In the case of charges incurred from the ASX Derivative Clearing System, these have been set out on a GST exclusive basis as the total GST may be rounded in accordance with the GST law.

HOW ARE WE REMUNERATED FOR THE SERVICES WE PROVIDE?

CommSec is remunerated directly through the fees we charge you. With certain products, we may also be remunerated by product providers, including those within the Commonwealth Bank Group and non-related product providers, through commissions where CommSec may refer you to, or provide you with financial services and products from, those product providers.

INITIAL COMMISSIONS PAID TO COMMSEC

Initial commissions may be a one off payment and are calculated as a percentage of the funds you have invested. They may be deducted from the amount invested. Initial commissions may be calculated as follows:

- Investment products – between 0% and 6.5% of your investment amount.
- Insurance products – between 0% and 30% of the premium that you pay.

ONGOING COMMISSIONS PAID TO COMMSEC

Ongoing commissions (sometimes referred to as trailing commissions) may be paid for the length of time you hold the product. They are usually paid directly to CommSec by the product provider out of the revenue the product provider earns. In some cases, they may be deducted from your investment.

Ongoing commissions may be calculated as follows:

- Investment products – between 0% and 1.4% of the investment amount.

Example

Assume that you invested \$10,000 in an investment product and maintained that investment. If CommSec charged an initial commission of 2% and received an ongoing commission of 0.5% from the product provider, then:

- CommSec would receive \$200 as an initial commission; and
- CommSec would receive \$50 per annum as an ongoing commission.

In these cases, we will disclose any such remuneration arrangements when we provide you with any personal advice or make a recommendation to invest, or otherwise when we arrange any investment for you.

Finance Brokers

CommSec may pay a referral fee to finance brokers where those brokers refer persons to CommSec in respect of the Commonwealth Bank Protected Portfolio Loan product. The referral fees are:

Initial Facility	Referral Fee
\$50,000 - \$500,000	\$150
Over \$500,000	\$250

Note: The fee will be calculated on the initial facility limit (not drawings) and includes GST.

Specialist Service Providers

CommSec may receive referrals from other third party referrals. CommSec may pay a commission of up to 50% of any revenue generated by such referrals.

HOW ARE OUR REPRESENTATIVES REMUNERATED?

CommSec is remunerated directly through the fees we charge you. Our representatives are remunerated by salary that include superannuation benefits from CommSec or the Commonwealth Bank and do not directly receive any commissions or fees. They may be eligible for a bonus payment relating to their overall performance during the year. Some representatives' bonus payments may be up to 45% of the fees and commissions that CommSec receives from the placement of a financial product.

These bonus payments are discretionary, and based on achievement of predetermined business objectives and may include but are not limited to:

- Business
- Customer
- People
- Productivity
- Risks

Our representatives may also be eligible to:

- Share in incentives (both monetary and non-monetary) rewarded for outstanding service;

Indirect benefits include such things as business lunches, tickets to sporting and cultural events (including overseas study tours), corporate promotional merchandise and other similar benefits from product providers whose products they recommend.

ASSOCIATIONS WITH RELATED PRODUCT ISSUERS

As a member of the Commonwealth Bank Group, we deal in and advise on products provided from related Commonwealth Bank Group companies or we may refer you to these Commonwealth Bank Group companies, which include, but are not limited to, the Commonwealth Bank, Colonial First State Investments Limited, Commonwealth Insurance Limited and Commonwealth Managed Investments Limited.

CommSec may receive a commission payment from related Commonwealth Bank Group companies as a result of you investing in one of their products or services.

Referrals to Commonwealth Financial Planning, CommInsure, Commonwealth Private and other Commonwealth Bank Group Companies

Should you take up a product as part of a referral to Commonwealth Financial Planning, CommInsure, Commonwealth Private or other Commonwealth Bank Group companies, then CommSec may receive a commission of up to 100% of the revenue generated by any fees or premiums you pay to them.

Should you take up a product as part of a referral to CommSec from Commonwealth Financial Planning, CommInsure, Commonwealth Private or other Commonwealth Bank Group companies, then CommSec may pay them a commission of up to 100% of any revenue generated by fees or premiums you pay to CommSec.

Margin Lending Remuneration

CommSec Margin Lending Facilities are provided by the Commonwealth Bank and administered by CommSec. If you take out a CommSec Margin Loan, the Commonwealth Bank (or its nominated related entity) will receive the interest payable on the outstanding balance of your margin lending facility.

For example, if the outstanding balance on your margin lending facility is \$100,000 and the current variable interest rate is 9.25% p.a., you will pay \$9,250 per year, or \$770.83 per month, in interest to the Commonwealth Bank.

Please refer to the CommSec website at www.commsec.com.au or call 13 17 09 to enquire about the current prevailing available interest rates and options. There are no application fees, establishment fees or account keeping fees unless you are applying as a company or trustee. A default (higher) interest rate may apply if you do not pay on time.

In consideration for its services in administering CommSec Margin Lending Facilities, the Commonwealth Bank pays a management fee to CommSec on a cost-recovery and compensation basis being 150% of actual costs incurred by CommSec.

These remuneration arrangements apply where personal advice is not given by CommSec.
